A car drives down a deserted road.

He then approaches the truck, there is a dead body inside, he places his hands on the truck's door, moves them to check the pulse and is grabbed by the zombie. He back pedals and his leg is grabbed by the dead body in the road, he hops over it and heads for his car, but it is blocked by more approaching members of the living dead. Paul runs around the first zombies and heads down the road on foot, and stops to catch his breath. Lights shine on his face from an approaching truck and Steve, mid 20s, exits holding a bat.

STEVE

Wait, don't come any closer!

PAUL

No, I'm not one of them!

STEVE

Well, what the hell are ya waitin on? Get your ass in the truck!

Paul runs forward and the truck drives off.

STEVE

PAUL

Zombies?

STEVE

Yeah, the flesh eating, walking, living dead. The radio and news aint been much help, best I can figure is zombies.

PAUL

So what now? What do we do, Where do we go?

STEVE

My buddy Frank lives just up the road, I was headed to his place, I say we hold up 'till dawn.

EXT. HOUSE - LATER

Truck arrives, Steve and Paul exit and walk in side. Ominous moans can be heard on the wind.

INT. FOYER - MOMENTS LATER

Steve and Paul enter the house, a chandelier burns brightly overhead.

STEVE

Well, I'm gonna go look for Frank.

Steve heads upstairs, leaving Paul alone.

PAUL

Okay...

Paul shrugs and walks forward, into the den.

Paul walks into the dimly lit Den and approaches the mantle, there is an ancient rifle lying atop it and he removes it. A loud thud startles him, he sets the rifle back down and heads back to the stairs and shouts up.

PAUL (CONT'D)

Steve?

He slowly heads up the stairs and cautiously looks in the bathroom. He reacts with horror once he sees Frank, dead on the floor, covered in blood, and holding a pistol. Paul immediately runs down the stairs, and a banging is heard once he reaches the door, he then heads through a dark room, into the kitchen.

INT. - KITCHEN - IMMEDIATELY

Paul enters the kitchen and notices pots on the floor. While looking down, he is approached and then attacked by a zombie. The zombie grasps him, and is almost immediately dispatched by Steve, using the old rifle to strike the zombie's head.

STEVE

Frank's dead, we gotta get outta here-

Steve is cut off by Frank's reanimated corpse attacking him. Paul runs for the front door.

INT. FOYER - IMMEDIATELY

Paul scrambles to the front door and, upon opening it, is attacked by a zombie. He slams the door shut and scrambles up the stairs,

INT. - BATHROOM - IMMEDIATELY

Paul grabs Frank's revolver, from the floor, where he was, and heads cautiously back downstairs.

INT. - KITCHEN - IMMEDIATELY

Paul cautiously enters the kitchen, there are no bodies, but blood drenching the floor. He then heads for the door, and enters the garage.

INT. - GARAGE - IMMEDIATELY

Paul slowly walks through the garage, and closes the mechanical door. But, upon exiting, is attacked by the foyer zombie, and wrestles him to the ground, the zombie rises directly in to a head shot. Paul, then, tries to leave, but is attacked by Frank's zombie.

INT. - KITCHEN - IMMEDIATELY

Frank wrestles the gun from Paul and mounts Paul, on the kitchen floor. A struggle ensues, and Paul desperately reaches for the gun, upon finding it, he places it into Frank's mouth and pulls the trigger, splattering brains on the ceiling. Paul, covered in blood, then rises and heads through the Den to the Bathroom.

INT. - BATHROOM - IMMEDIATELY

Paul looks into the mirror briefly before Steve's zombie attacks him and devours Paul.
